EDITOR'S NOTE: The rates in this article were current when the article was originally written. See the credit card issuers website for current rate information.

» American Express Change in Cardmember Terms, Rate

Note that while there are somewhat complicated regulations about surcharging, a common loophole to offset processing costs is something called "cash discounting." This refers to a processing system that is designed to have the credit card rate be baseline and offer a discount for cash and debit customers.

It's also worth noting that because American Express acts as both the credit card association and the credit card-issuing bank, the Amex fee setup and terminology is a bit different. However, the OptBlue program has brought Amex closer in line with the other associations in recent years in terms of both functionality and pricing. Check out our article on Amex rates and fees for more information.
